

(g) DEFINITION OF DEFENSE SITE.—For purposes of this section, the term "defense site" means (A) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, or aircraft under the jurisdiction of the Department of Defense; or (B) any site or area under the jurisdiction of the Department of Defense where a hazardous substance has been deposited, stored, disposed of, or placed, or otherwise come to be located; but does not include any consumer product in consumer use or any vessel.

(h) REPORT.—In the annual report required under section 2706(a) of title 10, United States Code, the Secretary shall include information on the land use plans developed under this section and the effect such plans have had on environmental restoration activities at the defense sites where they have been implemented. The annual report submitted in 1999 shall include recommendations on whether such land use plans should be developed and implemented throughout the Department of Defense.

(1) SAVINGS PROVISIONS.—(1) Nothing in this section, or in a land use plan developed under this section with respect to a defense site, shall be construed as requiring any modification to a land use plan that was developed before the date of the enactment of this Act.

(2) Nothing in this section may be construed to affect statutory requirements for an environmental restoration or waste management activity or project or to modify or otherwise affect applicable statutory or regulatory environmental restoration and waste management requirements, including substantive standards intended to protect public health and the environment, nor shall anything in this section be construed to preempt or impair any local land use planning or zoning authority or State authority.

SEC. 326. PILOT PROGRAM TO TEST ALTERNATIVE TECHNOLOGY FOR LIMITING AIR EMISSIONS DURING SHIPYARD BLASTING AND COATING OPERATIONS.

(a) DETERMINATION BY SECRETARY OF THE NAVY.—(1) The Secretary of the Navy shall make a determination whether the alternative technology described in paragraph (2) has the clear potential for significant benefit to the Navy. The Secretary shall submit to Congress a notification in writing of the determination not later

than 60 days after the date of the enactment of this Act.

(2) The technology referred to in paragraph (1) is an alternative technology designed to capture and destroy or remove particulate emissions and volatile air pollutants that occur during abrasive blasting and coating operations at naval shipyards.

(3) PILOT PROGRAM.—If the determination made under subsection (a)(1) is in the affirmative, the Secretary shall establish a pilot program to test the alternative technology. In conducting the test, the Secretary shall seek to demonstrate whether the technology is valid, cost effective, and in compliance with environmental laws and regulations.

(4) REPORT.—Upon completion of the test conducted under the pilot program, the Secretary shall submit to the Committee on Armed Services of the Senate and the Committee on National Security of the House of Representatives a report setting forth in detail the results of the test. The report shall include
